2,500+

students that participated in NICE events in the recent academic year.

58

schools

29

school districts

\$0

cost to the students, teachers and schools for NICE programs.

OUR PROGRAMS

iBUILD SHOWCASE

The iBuild Showcase is an annual exposition, inviting metro area students to actively connect with construction and business-related trades, contractors, architects and engineering firms, while also participating in hands-on activities.

CRAYONS TO CAD

Crayons to CAD is an interactive, standards-based middle school grade specific curriculum which introduces students to the built environment as they construct "green" schools, or new baseball fields or parks and community centers.

HIGH SCHOOL CAD COMPETITION

The National Institute for Construction Excellence and the National Association of Women in Construction sponsors a CAD/Design Competition which is designed for high school students.

SENIORS' DAY

High school seniors, post secondary students and teachers meet with apprenticeship instructors and directors to learn about career options, academic requirements, and earning potential associated with these career paths. Participants will also take part in hands-on activities.

EDUCATORS' DAY

Teachers and counselors will meet with apprenticeship instructors and directors to learn about career options, academic requirements, and earning potential associated with these career paths. Participants will also take part in hands-on activities.
